CELERY

Celery gives prepared meals, nutritional beverages, and smoothies unique flavor and texture. Organic celery puree and IQF celery products are used for vegetable juices, broths, soups and even baby food. Many people call celery 'negative or zero calorie' food, but it sure packs a nutritional punch! Celery has high levels of vitamin C, calcium, magnesium, and potassium. Our conventional and organic celery suppliers process celery as:

- ☒ Fire-Roasted
- ☒ Our minimum order quantity are 20,000 lbs. of each product, in some of our products MOQ are 40,000 lbs. or 70,000 lbs.
